NEW Digital DVD

We have updated our video see it first at the ICUEE show!

New Digital Media

In the early part of August Bob Gariepy Sr. our representative from ElectroTech stopped by and spent the day with us video taping in preparation for our new digital DVD. We are very excited to bring you this updated media which reflects the latest in what Concast Inc. has to offer. We will be showing it for the first time at the ICUEE Expo. Stop by, watch the show, and request a copy. We'll be happy to ship one out to you.
